Additional Biographical Information

I was sent to Fort Det NJ for Basic Training & then upon completion I was transferred to ^{Camp} McCann, Mississippi for further training sleeping in pup tents 1:25 mile. After other training. Our company was sent to England & while on ship board I wrote a poem which ^{enveloped} me one bright day regarding my feelings on board the ship. (A copy which I enclose ^{therein}) I spent a few months in England, ^{the operation} then we went to France we followed the Infantry setting up pole line communications & continued to do so as we went through the country side as we continued through the country side we had to sleep in dug out holes for protection, heard the bombs being dropped, I but luckily I was not hurt & heard of only one death with one soldier ^{which he was} setting up communications
