

Leisure Worlder

OF THE MONTH

S. N. "Ves" Hall

The first President of Rossmoor Leisure World's Golden Rain Foundation, Sylvester N. Hall, is well known to hundreds, perhaps thousands of Rossmoor Leisure World residents as "Ves" Hall.

Willingness to pull a large share of the load has led "Ves" to the top of practically every organization in which he held membership. Among them are: Golden Rain Foundation, Beverly Manor Convalescent Home, South Coast Hospital, Young Men's Christian Association, Rossmoor Laguna Hills Kiwanis Club, Masonic Club, Advisory Board, Saddleback Community College, Scottish Rite, Rossmoor Leisure World Billiards Club, Republican Club, Minnesota Club and Leisureworld Savings and Loan Association.

Before moving to California from his native Minnesota, "Ves" had successful careers with both Westinghouse and General Electric, and conducted his own electrical contracting business. His business interests in the Golden Gate State included electrical manufacturing, the dairy supply business and the chemical business.

With that diversity of experience behind him, and with a tremendous drive to conquer new challenges, "Ves" turned to the world of finance and is one of the organizers and leading lights in the establishment of the Leisureworld Savings and Loan Association which has handsome headquarters in the new Moulton Shopping Center.
