

## Note of thanks

Dear Friends of Donald Cunliff: What can one say but a great big "thank you" to all our friends and family who rallied around to show your love and understanding these past several months by sending cards, making phone calls, visitations, helping whenever possible and now for the many donations being sent to various charities in Don's memory. It was truly wonderful that so many of our friends came to pay tribute to Don by attending his memorial service at Geneva Presbyterian Church. The staff at the church has been very helpful. Thank you especially Rev. Dr. Arleen Whitney, our good friend, who officiated at the service and for all your love, prayers, and complete understanding these past months. Again we say to all, "thanks for caring."

**Mina Culnliff and family**
