To the Editor

It is with a feeling of mixed emotions that we leave Leisure World after 11 happy and productive years. We could not possibly notify everyone who has played an important role in our lives here, so this letter is our farewell to friends and acquaintances who have had a part in making our years in this community so rewarding.

We are moving to Clinton, Mississippi, a wooded suburb of Jackson to be near our family and we look forward to new challenges and new relationships, but Leisure World will always hold a very special place in our hearts and I hope we may be missed by those who knew us.
