

Jim Max/The News

Bud Hohl, treasurer of the Thunderbird Foundation, helps stack items donated by Leisure World residents, in a truck parked at Clubhouse 3. The collection was part of the annual Danny Davey drive to help Indians living in Arizona. Davey, a former UPS driver, who was at the drive, was a recipient of President Bush's "Thousand Points of Lights" award for his work with the Indians. According to organizer Ward Payne, Leisure World residents responded exceptionally well this year donating household items, clothing and money.
